SUMMARY STATEMENT

I am a Full Stack Web Developer position with 3+ years of experience in web development, I have honed my skills in both front-end and back-end technologies to create engaging, responsive, and scalable web applications. In my previous role at Freelancing I was responsible for developing and maintaining web applications for clients in various industries. I utilized my expertise in HTML, CSS, and JavaScript to create clean and functional front-end designs, while also utilizing technologies such as PHP, Python, and Node.js to build robust back-end systems. Throughout my career, I have also gained experience in database management, API integration, and version control using Git. I am also comfortable working with various frameworks such as React, Angular, and Vue.js. I am a quick learner, a problem-solver, and a team player. I am excited to bring my skills and experience and contribute to its growth and success.

CORE QUALIFICATIONS

- Proficiency in front-end web development technologies such as HTML, CSS, JavaScript, and jQuery.
- Strong knowledge of back-end web development technologies such as Node.js, PHP, Python, Ruby, or Java.
- Experience with front-end frameworks such as React, Angular, or Vue.js.
- Experience with back-end frameworks such as Express.js, Ruby on Rails, or Django.
- Strong understanding of database technologies such as MySQL, MongoDB, or PostgreSQL.
- Knowledge of version control systems such as Git.
- Experience with cloud-based technologies such as AWS or Azure.
- Familiarity with web development tools such as Gulp, Grunt, or Webpack.
- Excellent problem-solving and analytical skills.
- Ability to work independently and as part of a team.
- Strong communication and collaboration skills.
- Willingness to learn new technologies and techniques.
- Ability to work in a fast-paced and dynamic environment.

EDUCATION

Degree: Bachelor of Business Information Systems
Arab Academy for Science and Technology – Smart Village
Certification: Business Information System
GPA: 3.5

WORK EXPERIENCE

23/09/2022 to
Current

Freelance web developer
Infinity Max – Hamburg, Germany
